From Where I Sit

By FRANK OPINION

Howdy Folks:

Well, last week I promised that I was gonna bring up a mighty interesting subject. And here I am to keep that promise. This week we're gonna talk about doctors. Yes, sir, "doctors" is what I said.

Now I know what you're a-thinkin'. You're thinkin' "what's so interesting about doctors?"

Well folks, from all the talk that's goin' 'round, there MUST be something interesting about doctors. You hear folks talkin' about 'em all the time—and some of the things they're sayin' about doctors you wouldn't want your ten-year-old son to hear, not if you're the kind of a mom or dad I hope you are.

Now this is what I aim to do. I'm aimin' to sort of get this doctor-business straightened out a little. First I'm gonna quote a little editorial from the Emporia (Kansas) Gazette, the late William Allen White's paper. Maybe this little piece'll cool your tempers down a mite. Then after you've read that, I'm gonna make a little suggestion to the doctors, which they probably won't take, but they can't shoot me for tryin'.

Now here's what the Gazette has to say:

"Next to the return of our own kith and kin from the war, likely no one is welcomed with quite the zeal as the return of the family doctor... Especially when that doctor is a country doctor who still comes into the home at any hour of the day or night he is called. The country doctor mingles with the crowd in town on Saturday night. He sits in his pew at church on Sunday morning. His joys are in the simple happenings of the community... His sorrows and disappointments are well hidden from view.

"As younger doctors begin to return to their former practice one should pass out orchids (or perhaps more appropriately carnations), to the older doctors who have held the home front. They met us at the hospital when an emergency arose. They treated long lines of patients every day. They have driven themselves to the point of exhaustion... And they have coped with the ills of the community for three long years. May they soon be able to take the vacation they have been dreaming of and enjoy it to the full. They did not fail us when we needed them."

There's one little bit in there, folks, I'd like to repeat—"they've driven themselves TO THE POINT OF EXHAUSTION."

Now sort of mull that over a little, and let it soak in. Then maybe you won't feel like cussin' your doctor—even if he cusses you!

And maybe the doctors'll do a little rearrangin' too. F'r instance, it'd kind of clear the air if the doctors—instead of leavin' town all on the same day—would get together and do a little schemin'

SOLUTION TO SEWAGE PROBLEM NOT FAR OFF

Solution of the sewage problem of residents immediately west of the area included in the Niles Sanitary District appears on its way as the result of a special meeting Wednesday night of the sanitary board.

The meeting was attended by all except one of the board members, by Sanitary Engineer L. Cedric Macabee and his assistant, Gerald Worthley of Palo Alto, and by Dr. W. F. Lamoreux, Edward E. Enos, and Henry Enos, residents of the area concerned.

The assessed valuation of the proposed addition, it was pointed out, is $676,750, as compared with the assessed valuation of the present district of $649,000.

Cost of sewering the proposed addition, which extends west to the Pacific States Steel Company plant, including the area between the hills and the Western Pacific tracks, would be approximately $80,000. Maintenance is estimated at $3600 per year.

Macabee pointed out that the preliminary legal steps necessary to annexation are:

Drawing up of a legal description of the property concerned by an engineer;

Presenting of the description to the county surveyor;

Circulation of a petition among property owners, of whom 30 must sign.

Another meeting on the matter will be held by the Niles sanitary board early in February.

MEDALS AWARDED TO MEMBERS OF DRAFT BOARD

The Selective Service Meral, a bronze medal authorized by Congress as an award to specified members of the uncompensated personnel of the Selective Service System who have served more than two years, has been awarded to the following members of the Selective Service Board of Niles: Judge Allen G. Norris (chairman), of Centerville; Judge Manley J. Clark, Livermore; Edward E. Enos, Niles; Manuel Lewis, Centerville; and the government appeal agent, Walter Nilson of Pleasanton.

On the face of the medal is the Selective Service System seal and the inscription, 'World War II." On the reverse side is inscribed: "Awarded in the Name of the Congress of the United States for Faithful and Loyal Service."

Those who received the medals were volunteers and served without compensation. In the near future the local doctors are also expected to receive awards.

LEARN THE SECRET Of ELECTRONICS

One of the finest opportunities for men—and women, too, if they are interested—that has come to the township for many months is being offered by the adult education department of the high school in the form of a class in electronics, that new, and vastly interesting field that has gripped the imagination of scientists and laymen alike.

William Joseph Warren, an outstanding man in the field, and a professor at the University of Santa Clara, has been secured as an instructor for the class which will convene in Room 6 at the high school next Tuesday evening, at 7:30 o'clock.

The class, for which a tuition fee of three dollars is charged, is offered to those who are interested in electricity and electronics. It will be of special value to those who sell and repair electrical appliances, or radios, or other similar lines.

AIDA IN SAN JOSE ON FEBRUARY 3

The San Carlos Opera Company, now on its thirty-fifth annual transcontinental tour, leaves the San Francisco Opera House for San Jose on Saturday, February 3, showing Humperdinck's fairy opera, "Hansel and Gretel," at 2:30 that afternoon and Verdi's "Aida" the same evening.

Willa Stewart as Aida, Mostyn Thomas as Amonasro, Marie Powers as Amneris and Ernice Lawrence as Rhadames, will be stars in the stupendous production, which includes an elaborate ballet and symphony orchestra, conducted by Victor Truccofi who for 11 years was with the Metropolitan.

BUS TRANSPORT COMPANY WANTS ROUTE IN TOWNSHIP

One of the most important local developments of this post-war era made a rather backward appearance into the public eye Tuesday when H. D. Gaeta, president of Peerless Stages, Inc., told the Niles Chamber of Commerce and the Centerville Lions Club that All American Bus Lines are asking the state railroad commission for a franchise to run buses from San Diego and Los Angeles through San Jose, Irvington, Centerville and Alvarado into Oakland.

Gaeta mentioned this fact to the local organizations in the hope that they would favor his company by offering resolutions to the railroad commission opposing the proposed new service, thus advocating continuance of the monopoly which Peerless has had for many years.

However, it appears to us that a new dawn may not be far off in the presently dark scene of the local passenger travel situation.

Washington Township to date has been greatly handicapped in transportation. Ask anybody who regularly rides the buses. Of course this has been due partly to the war situation, namely shortages of equipment, of manpower and to ODT controls. But the problem is broader than this, and is considerably far-reaching.

Peerless Stages, Inc., is a small company, comparatively speaking; it is not a transportation "system" like Greyhound or Santa Fe, or like All American. There are obvious advantages in service to the public on bus lines which are part of a large system.

Disregarding this point, however, there are conditions, present and future, which point to the desirability of having (1) more local bus service, and (2) competition in bus service.

Right now the township is bursting its transportation seams. It is a situation that Peerless will try to correct because carrying more passengers means earning more money. All American Bus Lines quite obviously look upon this area as a good money-making field, otherwise they would not wish to come into it. Peerless, understandably, doesn't want to lose the business that All American would take from them. We don't blame them for that.

We don't blame them at all, in fact, for anything. They are a small company that grew from very small beginnings. But Washington Township is growing, too, and so is its transportation problem.

The day is coming when there will be two bay bridges instead of one, when Washington Township will be as close to San Francisco for commuters as is the San Francisco Peninsula now. All indications point to the development of the township as a residential area. Bus transportation—"system" transportation—is a proper step in this type of development. The best Peerless can offer, which is not so good, is "connecting" transportation.

It is an axiom of American business that clean competition never hurt anybody. Under the rigid supervision of the state railroad commission, public means of transportation are kept from cut-throat tactics against each other. So Peerless would not need to fear any unjust injury to itself by the entry of another company into its field.

Peerless would probably take counter-measures of improving its service, its depots, its public relations.

Washington Township has a great deal to gain by going after every passenger service it can get.

HUSKIES LOSE TO LOS GATOS FIVE

By WAYNE DAVIS

The Washington Huskies lost a double header to the highly-favored Los Gatos five Friday evening, January 18.

The Los Gatos Wildcats took the main game 38-27, while the Los Gatos 130's handed the first league defeat to the Washington "Puppies" 28-18.

Washington, playing on an unfamiliar court, was unable to work any plays, which would have helped considerably. While Washington was trying to find the range of the basket, Los Gatos was dropping the ball in from all angles.

This was the second league defeat suffered by the Washington Varsity while the "Puppies" suffered their first loss in three starts.

Nakamura was high scorer for Washington Varsity with 10 digits.

Bobby Rose was high for the 130's with nine points.

The Huskies will play San Jose Tech on Friday evening at the Washington gym. The local team may have the able assistance of Ronnie Oliver, forward, who is now off the injured list.

RIDING ACADEMY OPENS SOON AT WITHERLY PLACE

And now we can say—or almost say—that Washington Township has everything.

This week it was announced by a young and enthusiastic couple, Mr. and Mrs. Lloyd D. Coffer, recently of Nevada, that they are about ready to open their riding academy, to be called "The Coffer Riding School," on the Witherly place in Mission San Jose.

The Coffers have high hopes for the success of their venture, feeling that interest in horses and riding is on the increase rather than waning.

It won't be long until there will be a whole string of horses at the Witherly place, horses to suit every taste,—spirited for those who enjoy a bit of excitement, and gentle mounts for the young fry.

"It's a lovely place for a riding school," asserts Mrs. Coffer, who, incidentally, is also a new teacher at the Niles Grammar school. 'There are miles of beautiful trails."

Coffer, who recently received his discharge from the Navy, will devote his full time to the new venture. An experienced equestrian, he will teach not only youngsters, but adults, how to ride. Horses will also be rented to individuals or to groups.

IRVINGTON FORMS NEW CIVIC CLUB

Forty-three charter members were present last Wednesday evening at the first meeting of the Irvington Improvement Club, a club formed for the purpose of performing community services. It is not a business men's club, although business men, of course, are included. It is rather a community-wide club for wide-awake residents who work for progress and improvement. The meeting was held at Vilela's restaurant.

Serving as temporary chairman for the evening was Gus Robertson. Carl Christensen was temporary secretary.

A nominating committee was appointed as follows: R. A. Griffin, Frank Mayer and R. L. Pond.

Meeting dates were tentatively set for the second and fourth Wednesdays of each month.

NEWARK NEWS

By LOUISE CHAPMAN

The annual dinner for the Sportsmen's Club of Newark was held last Saturday at the California Inn in Centerville. Approximately fifty persons were present, both members and families or friends, and it has been said that the evening was as great a success as the Sportsmen's dinners held in the past.

The Alvarado Farm Home Center held a meeting on January 23 at the home of Ida Rogers in Centerville. The project for the evening was the discussion of "Sewing" in all its phases.

Dick Jolly, owner of Jolly's Pharmacy and president of the Newark Chamber of Commerce, returned home Wednesday, January 23, after a week's stay in Alameda Hospital where he underwent a minor operation. Dick says he is feeling well and expects to be greeting his friends at the drug store in the near future.

Mr. and Mrs. Walter Phippen, newlyweds, have returned from their honeymoon. Since the housing shortage prevails within the township, the couple are staying temporarily at the home of the bride's mother, Mrs. E. Bettencourt, in Decoto.

"Monk" Souza, Clarence Stewart and Getty Dondero recently went on a hunting trip to Chico and the surrounding territory. They were favored with good luck and returned home with several geese.

Joseph Gastelum has returned to Scott Field, Illinois, after spending his recent furlough at home visiting his parents and many friends.

An enjoyable evening of dining and dancing was spent last Sunday in the Persian Room of the Sir Francis Drake Hotel by Mr. and

(Continued on page 6)

VARGAS NAMED AS MISSION TRUSTEE

Frank S. Vargas, a resident of Mission San Jose for many years, has been named to fill the unexpired term of E. J. Callahan as member of the board of trustees of the Mission San Jose Elementary school. The appointment was made by Vaughn D. Seidel, superintendent of schools of Alameda county, upon the recommendation of Joseph Azevada and Joseph Telles, remaining members of the Mission San Jose school board.

Callahan, who has served as a member of the board for many years, resigned for reasons of health.

CHIROPRACTOR TO OPEN OFFICES IN NILES

Having purchased the Cavanaugh building, across the street from the Niles Library, Dr. Harold R. Barton, chiropractor, will soon open his offices to patients. The entire building is being renovated, with treatment rooms and office in the fore part of the building and living quarters in the rear for Dr. Barton and his wife and daughter.

Dr. Barton, who attended the University of Wyoming and the University of Nebraska, received his D.C. and D.N. at the National College of Drugless Physicians in Chicago. Only recently he received his discharge from the Navy, after serving for three and a half years.

The members of Necona Theta Girls' Club No. 46, met Tuesday evening at the Guild Hall of the Congregational Church, Niles, with Pat Mohn, president, presiding.

MISSION SAN JOSE

By LOIS JUSTUS

Mr. and Mrs. Vernon Bastian, the former Lorraine Rogers, are staying at the home of Mrs. Rose Rogers as Lorraine has not been so well and is under the care of Dr. Grimmer and it was too far for her to travel back and forth from San Jose every day.

Mrs. Myrtle Buck is up and around again following a week of confinement to her bed with flu and complications brought on by her auto accident a few months back.

George Rodrigues of the U.S. Navy arrived at Treasure Island on Sunday after months in Hawaii, and rushed home for a few hours to see his babies, Marilyn and Dorothy and his wife, Mary. On Tuesday evening he was home and the folks came in to a luscious steak dinner prepared by his wife. His father and mother-in-law, Mr. and Mrs. William Lawrence, and daughters, Marie and Virginia, Mr. and Mrs. Ed Thomas,

(Continued on page 6)

FIRST MEETING OF CENTERVILLE C. C. IN UMPTY YEARS

Nobody is quite sure how long it has been since the Centerville Chamber of Commerce has met, but, to quote a popular song, "It's Been a Long, Long Time." Some say as long as ten years ago.

But the time has come when the business men feel a definite need for such an organization, so it is being revived. There is also considerable money in the treasury which is just collecting dust and which the remaining two officers, Loren Marriott (president) and M. P. Mathiesen (secretary-treasurer) feel should be put to some good use.

The next meeting date has been set for Monday, January 28, at which time it is expected that old members and any possible new members will appear and express either their approval or disapproval of a revival of the chamber. The men will meet at the Justice Court at 8 p.m.

JUNIOR CHAMBER OF NILES IS OUT FOR ACTION

The Niles Junior Chamber of Commerce heard a good shot-in-the-arm talk at its meeting last Tuesday evening in the justice court when Sam Kerns, first president and one of the organizers of the body, urged that the young men's organization strengthen its membership and get busy on needed civic improvements.

Kerns, now in business in Longbarn, reviewed the beginnings of the junior chamber, which in prewar years had a membership of 150 and a regular attendance at meetings of from 30 to 50.

L. L. Lewis gave a report on activities of the Niles Scouts, of which the junior chamber is sponsoring body.

President Jack Parry stated that the organization's project of having parking lines painted on Main Street appears to be meeting with approval of the county board of supervisors, although no definite word had been received from the supervisors.

FARM BUREAU WANTS INCREASE IN MEMBERSHIP

Farm Bureau members turned out in goodly numbers at a meeting Tuesday at Washington Union High school, which featured a talk by Sid Rubinow of the publications department of the bureau.

Rubinow pointed out the necessity of farmers increasing their strength by building up the membership of their Farm Bureau organization. Labor, he said, is strongly organized, business is strongly organized, and the farmer, in order to assure equitable treatment from labor, the business man, and the general public, must also be strongly organized.

President Fred F. Lewis of the local Farm Bureau called upon a number of members for talks on various subjects. Various speakers brought up the matters of apparent labor shortage for harvesting this year's field and orchard crops, difficulties in buying good fertilizers, and unloading delays at certain nearby canneries.

R. C. Kennedy Jr. of Hayward, chairman of the vegetables committee, was given the floor by President Lewis so that growers problems could be aired. Lewis will convey these difficulties to proper agencies for solution.

NILES STUDENT BODY STAGES DANCE TONIGHT

The student body of the Niles Grammar school is staging a "March of Dimes" dance tonight (Friday) in the school auditorium, from 7:30 to 10 o'clock.

Admission is 10 cents, and the dance is open to students, friends and relatives of students, and to the alumni of the school. The music will be furnished by a phonograph, with amplified system.

The proceeds, of course, go to the March of Dimes to fight the battle against infantile paralysis.

LOCAL WOMEN ATTEND MEET IN SAN LEANDRO

Attending a meeting of the Alameda County Federation of Women's Clubs in San Leandro yesterday were the following members of the local club, the Country Club of Washington Township: Mmes. Roland Bendel, R. L. Pond, C. E. Martenstein and Robert Moore.

SOUSA RESIGNS AS SCOUTMASTER; GIVES REASONS

Scoutmaster Phillip Sousa, of Centerville, who has served in Scouting for 22 years, announced this week that he is resigning as Scoutmaster, his resignation to take effect February 1.

Sousa, who has served as Scoutmaster for eight years, made the following statement in connection with his resignation: "It is because of lack of co-operation from the troop committee and very poor service from the Oakland Area Council office."

Watch for editorial in connection with Mr. Sousa's resignation as Scoutmaster in next week's Register.

Scoutmaster Sousa leaves one of the top troops of the Southern District. He can still remember when three years ago he took over the troop with only four active Scouts. The troop has been built to a registration of 30 Scouts. In 1944 the troop advancement was so high that it was responsible, asserted Sousa, for placing the Southern District in first place in the Council Advancement Program.

In 1945, Centerville tied for first place with Newark at the Township Rally. Centerville Scouts walked off with two other trophies at the Fall Round-Up, being top troop in the district. One other cup of which the boys are proud, is the General Ike E award. To win this award, each troop had to collect 1000 pounds of paper per boy, registered in 60 days. Centerville collected over 2000 pounds!

Later, in a week's time, the boys again collected five-and-a-half tons more.

The troop holds the Minute Man Flag for War oBnd work.

Advancement in 1945 again went exceedingly high. The troop had two Eagle Scouts, Ronald Sylvestri and David McWhirter. Eagle Sylvestri came back again in the same year to qualify for the bronze palm to be added to his eagle pin. J.A.S.M. Frank Edmondson and S.P.L. Alden Christensen attended a two-day training course at Camp Dimond in the past year and have been responsible to a great degree for the success of the Centerville troop.

Sousa states that he is sorry that conditions have forced him to resign. He adds that his chief regret is in leaving the boys who have been more like sons to him than Scouts.

DECOTO NEWS

By LEONTINE COSTA

Ilean Watkins became the bride of Norman Ratliff at the Christian Church in Hayward, with the Rev. Anderson officiating.

She was attired in a princess style white satin dress with a three-quarter veil. Bernice Ratliff, sister of the groom, was maid of honor, and was dressed in pink. Clifford Watkins was best man.

Ilean is the daughter of Mr. and Mrs. W. M. Watkins of Railroad Avenue and the groom is from Hayward, and is employed at Port Chicago where the couple have established their home.

Robert Silva, former Decoto boy and graduate of Decoto and Wash-

Honeymooners In Carmel

Exchanging vows at the Chapel of the Chimes in Oakland last Sunday, January 20, were Miss Nadeane Lyon of Niles and Harold Rudisill of Connecticut. The double ring ceremony, which occurred at 2:30 in the afternoon, was officiated by the Reverend Fred Atwell of Oakland.

The bride, who was given in marriage by her father, Claude M. Lyon, wore a white satin gown with a long train and shoulder length veil with a halo top. She carried a bouquet of gardenias and orchids.

Attending the bride as matron of honor was her sister, Mrs. Dortha Mokma of San Lorenzo, attired in a blue taffeta gown. The bridesmaids were Wilma Rammage of Oakland, who wore a yellow taffeta gown, and Angie Silva of Centerville, in a pink taffeta gown. All of the attendants carried old fashioned bouquets.

Serving as best man was James Rudisill, brother of the groom, who came up from San Diego for the wedding, and as ushers were Roff Clark of Oakland and Manuel Silveria of Centerville.

Mrs. Claude M. Lyon, mother of the bride, was attired in a brown suit with green accessories.

Singing "I Love You Truly" for the occasion was Irvin Rammage of Oakland, and the organist of the Chapel played 'The Indian Love Call." The church was beautifully decorated with calla lilies, palms and candles.

Close friends of the newlyweds attended a small reception at the bride's home following the wedding. Singing for the entertainment of the guests were Miss Jane Smith and Miss Barbara Lebowsky, cousins of the bride from Woodland. They sang "Savior Like a Shepherd Leadeth."

The newlyweds are spending a week's honeymoon in Carmel and when they return they will take up residence in an apartment in Oakland. The bride's going away outfit was black with grey accossories. She is the daughter of Mr. and Mrs. Claude M. Lyon of Fremont Avenue, Niles, and is a graduate of Washington Union High School. Missed very much at the wedding was her twin brother, Deane, who is at sea with the Merchant Marine.

Attend Game at Los Gatos School

Among the Centerville people who traveled to Los Gatos to witness the basketball game between Washington Union High school and Los Gatos High were Mr. and Mrs. Joseph Perry, Mr. and Mrs. Tony Alameda, Mrs. Clyde Voorhees, Miss Audrey Carmody, Mr. and Mrs. Phillip Sousa, Tony Amaral and daughter, Katherine, and Miss Winifred Rogers.

Miss Winifred Bendel To Be Bride, Feb. 3

Invitations are out this week announcing that Miss Winifred Bendel, daughter of Mr. and Mrs. Roland Bendel of Niles, will become the bride of Frank Lombardi, son of Mr. and Mrs. Antone B. Lombardi of San Francisco, on Sunday, February 3, at the Niles Congregational Church. Rev. D. Q. Grabill will officiate at the four o'clock ceremony, and Dwight Thornburg will play the organ.

Mrs. Robert Corwin (Jane Stanhope) will be matron of honor, with Steve LaRegina, a cousin of the groom-elect, acting as best man. Two brothers, Richard and Ben Savelli of San Francisco, will be the ushers.

The engagement of the young couple was announced in June, 1943. Since that time Mr. Lombardi, a graduate of the University of California, has been overseas serving his country. Miss Bendel, who attended the College of the Pacific and San Jose State, has been employed at Kraftile Company.

The young couple plan to make their home in San Francisco.

Mrs. Roeding in Oakland for Winter

Mrs. George Roeding Sr. has moved to Oakland for the rest of the winter to live at the Women's Athletic Club. During her stay there, her home on the California Nursery grounds will be occupied by her daughter, Mrs. Bernard Butler and children, Jennifer and Peter. Mrs. Butler's husband just left for the Hawaiian Islands where he is in business, and will be joined by his family as soon as living quarters in the Islands can be found.

Celebrate 28th Anniversary

Mr. and Mrs. M. F. Silva of the Creek Road spent their 28th wedding anniversary with their son, Cpl. Joseph G. Silva of the Army Air Corps, who is home on a furlough, and their daughter, Agnes. They also had Miss Cahrlotte Lewis and Leroy Gomes of Niles as their guests. The three couples had dinner at Fisherman's Wharf and then took in the picture, "The Bells of St. Mary's."

Gayle Maphet Appears In Opera Production

To say that Miss Gayle Maphet of Niles was surprised when she was called as a member of the Speech Arts class at San Jose State to appear in the San Carlo Opera Company San Jose production of "Carmen" last Saturday night, is an understatement. Miss Maphet, when she was chosen as one of five or six to appear in the extra scenes, was almost bowled over. She recovered from her surprise enough, however, to give a very creditable performance as a cigarette girl in the first act and later as a gypsy girl in the third and fourth acts. She and one other girl from State were the only two extras in the third and fourth acts. The others on the stage were singing stars, including Coe Glade, who played the title role.

Miss Maphet, worried over her performance, had her fears allayed later when she was asked to return in "Aida" which will be performed on February 2.

Party of Four Flying to Mexico

Next Thursday four localites will take off by plane to Mexico City, thence to Yucatan and Guatemala. Those who are making the trip are Miss Flora McKeown, Mr. and Mrs. John Stevenson and Harry Stevenson. They expect to be gone for five weeks.

Kimballs Buy Home In Palo Alto

Lt. and Mrs. Marshall Kimball (Madeline Moore) who have been staying with their aunt, Mrs. F. T. Dusterberry, for the past month, have bought a home in Palo Alto and are moving this week-end. Mr. Kimball, who has only recently received his discharge from the Navy, will take a position in San Francisco.

At the Vanities

Mr. and Mrs. Edward L. Perry of Irvington spent last Sunday at San Francisco. While in San Francisco the couple took in the Roller Skating Vanities of 1946. They enjoyed the show very much.

DINNER FOR MISS McKEOWN

Entertaining tonight for Miss Flora McKeown, who is leaving for Mexico next Thursday, is Mrs. A. B. Hill. About 14 guests have been invited to dinner, among whom are several out-of-towners.

GET MORE....SAVE MORE at SAFEWAY IN 1946

They'll revel in reveille when breakfast is right

It's easy to get the family to the breakfast table when tempting aromas fill the house. And Safeway can provide the persuasive foods you need to turn the trick. In breakfast foods, as in *all* foods, *get more and save more at Safeway during 1946.*

JOIN THE MARCH OF DIMES NOW!

How to Put Variety Into Your Breakfasts

A breakfast "Menu-Maker" provides a handy source of inspiration when you're wondering what to serve to make breakfast just a little different. Here are some favorite ideas to combine with others of your own to build a useable breakfast "Menu-Maker" . . .

FRUITS AND FRUIT JUICES

Dress up breakfast fruits and juices by serving them in grapefruit or orange shells.

- Half grapefruit or grapefruit sections sweetened with honey and broiled
- Sliced oranges sprinkled with powdered sugar
- Sliced bananas in orange juice
- Grapefruit sections in grape juice

CEREALS

A good way to get variety in breakfasts is to use different packaged ready-to-eat cereals.

- Hot oatmeal cooked with raisins, dates, figs or prunes
- Hot cereal (oatmeal or farina type) served with brown sugar, honey, cinnamon, nutmeg, jelly, applesauce, syrup or butter
- Hot cereals garnished with dry cereals
- Dry cereal served with molasses or maple-flavored milk (add 1 to 2 tablespoons molasses or maple-flavored syrup to cup of milk)
- Boiled rice with cinnamon and sugar
- Rice cakes with maple-flavored syrup
- Heated shredded cereal with hot milk

BREADS

Here's where you'll find the packaged ready-mixes come in handy.

- Quick coffee cake made from pancake flour
- Popovers from popover mix
- Apple pancakes (add 1 cup chopped apples to 2 cups pancake flour)
- Muffins made from muffin mix varied by adding raisins, nuts, chopped dates, chopped raw cranberries or finely cut apple
- Marmalade muffins made by topping each muffin before it is baked with a teaspoon of marmalade
- Cornbread or corn muffins made from cornbread mix
- Hot scones from biscuit mix

ENTREES

Sunday breakfast is a favorite time for entertaining. Here are some entrees that guests or family are sure to like.

- Scrambled eggs with fresh or canned tomatoes
- Baked eggs with hashed brown potatoes
- Corned beef hash with poached eggs
- Hominy grits with sausage cakes
- Fried scrapple with orange marmalade
- Creamed dried beef with rice cakes
- Scalloped hard-cooked eggs and mushrooms
- Sauteed chicken livers with scrambled eggs
- Jelly or cheese omelet
- Crisp salt pork slices with fried apples
- Creamed codfish with fried potato cakes

At the Crossroads.

What America really needs today is a dose of the spirit which lifted the Nation out of the depths of disaster four years ago and carried it to victory. That spirit, it will be remembered, was one of cooperation between all elements of our national life. It inspired great effort, it caused us to cast aside our soft ways of living and get down to hard work.

It goes without saying that the people of the Nation want their future to be happy and prosperous. But from most outward indications they are trying hard NOT to make it so. Labor and management engage in bitter disputes while strikes hamstring economic recovery. Meanwhile the public stands by, hardly lifting a voice in protest, certainly without exercising its tremendous influence which would speedily force a settlement in the industrial warfare.

Some might say, "That's all very good; but now the war has been won and we're entitled to rest."

It seems to us that the principal thing the country has been doing since V-J Day is rest. Now it's time to get back on the job.

The signposts at the crossroads are plain. One road—the road of industrial strife and public indifference—leads to depression. The other—the path of cooperation and hard work—will bring us to prosperity.

Housing Hubbub.

It is quite understandable that a person who desperately needs a new home wants it right away. He feels impatient at the delay in the home building program and may feel inclined to blame builders.

The fact is that the building industry has worked under enormous handicaps in recent years, and it is doing a remarkable job in view of the limited supply of labor and building materials available to it.

The housing problem cannot be solved by legislation or through directives from government agencies. Nor will a plunge by the state government into the lending field provide the answer.

Private industry and private finance are well able to do the job. But by no miracle can they do it overnight. Even working at top speed it will require several years to catch up with the enormous housing demand that has accumulated during the war.

Public understanding of this fact, together with proper cooperation from government will enable American industry to meet the need. Industry proved what it could do in the war crisis. It can prove equally effective now.

LEARN TO TAME SHREWS

What is a shrew? According to one of Webster's definitions a shrew is a vexatious, perverse, or turbulent woman; a scolding or brawling woman; a termagant.

It was such a woman that Shakespeare dealt with in his immortal 'Taming of the Shrew" which will be witnessed by several Washington High School students when it is presented at Stanford University by the Stanford Players on January 31.

Accompanying the young drama enthusiasts will be Miss Grace Knoles, Mrs. Kramer and Mrs. Wright, all teachers at the high school.

NILES HOST TO SCHOOL PRINCIPALS NEXT TUESDAY

Ever hospitable to its out-of-town guests, Niles, as the host town for the Principals' Association of Southern Alameda County next Tuesday, will proudly present to the principals a turkey dinner prepared as only Mrs. Catherine Parry and her assistants know how to prepare it. In other words, it is expected to be one "grand feed."

Between 40 and 50 principals will attend the meet, which opens in the Niles school auditorium at four o'clock and continues through the aforementioned dinner.

The discussion will encompass an evaluation of the teachers institute program held in November.

Election of new officers will also be held at this time. The presiding officer at present is Joe Michell of Livermore. Jack Rees is secretary.

Did You Make These Children Happy?

POLISH war-orphans who have lived without shelter or care for as long as they can remember, smile happily as an UNRRA representative hands out clothing donated by the people of the United States in the nation-wide April clothing collection. Millions of other children overseas need all the protective clothing, shoes and bedding YOU can spare. Give them to the Victory Clothing Collection.

OVER A HUNDRED WITNESS REBEKAH INSTALLATION

About 125 persons gathered at Odd Fellows Hall in Niles Friday evening, January 18, to witness the double installation ceremonies of Niles Rebekah Lodge No. 336, and Alvarado Rebekah Lodge No. 142, under the direction of Mrs. Ivy W. Cull, deputy president of District 53, I.O.O.F., assisted by Mrs. Rose F. Stearns, deputy marshal, deputy grand officers and drill team.

Among the distinguished guests of the order present were Mrs. Mary R. Rewcastle, secretary of the Rebekah Assembly; Mrs. Lily L. Carren, treasurer of the Rebekah Assembly; Mrs. Lena Moore, district deputy president of District No. 7; and Mrs. Ethel M. Garner, member of the Board of Control of Theta Rho Girls' Clubs.

Mrs. Olive Pugmire, retiring noble grand, was general chairman for the evening, assisted by Mrs. Iva Marble and her committee on refreshments; Mrs. Mildred Barber and committee, who decorated the dining room; Mrs. Irene Kibby and committee, who took charge of the decorations for the lodge hall.

There were speeches by the grand officers present, and a short musical program. Mrs. Catherine R. Parry and Mrs. Myrtle Clifford favored the audience with several vocal selections; Evan Parry rendered several selections on the accordion, and a little niece of Mrs. Wilma Miller, eight-year-old Sonja Westerlund, pleased everyone present with her piano selections.

Mrs. Olive Pugmire was seated as past noble grand of Niles Rebekah Lodge, and the following elected and appointed officers were installed by Mrs. Cull, assisted by Mrs. Stearns and staff:

Anna Brandford, noble grand; Ann Arington, vice-grand; Rose F. Stearns, recording secretary; Fern Mitte, financial secretary; Maggie Neill, warden; Mildred Barber, conductor; Ellen Mohn, chaplain; Irene Kibby, musician; Jennie Mohn, right supporter to noble grand; Ethel Fournier, left supporter to noble grand; Catherine R. Parry, right supporter to vice-grand; Iva M. Marble, left supporter to vice-grand Florence Hale, inside guardian; Alice Leask, outside guardian; and Virginia Yarbrough, color bearer .

Mrs. Cull, elected treasurer, will be installed at the next regular meeting by Mrs. Fern Mitte, past district president, assisted by Mrs. Stearns, deputy marshal, and Mrs. Mary Barnard, deputy treasurer.

Alvarado officers installed were: Wilma Miller, noble grand; Katherine Anderson, vice-grand; Henrietta Willhoft, recording secretary; Annie Baird, financial secretary; Margaret Anderson, treasurer; Elsa Mikkelsen, warden; Helen Klements, conductor; Esther Williams, chaplain; Lesda Brown, musician; Grace Reinking, right supporter to noble grand; Lily Christensen, left supporter to noble grand; Christine Hygelund, right supporter to vice-grand; Alice Sayles, left supporter to vice-grand; and Petra Gronley, inside guardian.

CORPUS CHRISTI CARD PARTY NEXT MONDAY

A public card party for the benefit of Corpus Christi parish will be given at the parish house next Monday evening, January 28.

IRVINGTON GIRL WINS FIRST PRIZE IN ESSAY CONTEST

Each year the Latham Foundation for the Promotion of Humane Education of Oakland holds an essay contest in which elementary school children may participate. Last week winners were announced.

Shirley Furtado, an eighth grade student of the Irvington Elementarly School, won first prize of $5.00 in group two in which seventh and eighth grade children of the county participated. Also from the eighth grade of the Irvington school certificates of merit were awarded Theresa Baptista and Marilyn Abacherli.

Thinking Things Over...

By VIVIAN BATMAN

This week we will talk about a "maker-over." If you are thinking that a maker-over is somebody that makes over dresses or reupholsters furniture, you are mistaken.

A maker-over is a person who makes over people. Or should we say one who TRIES to make over people. It doesn't matter what kind of people. A maker-over will work on a husband, a wife, a child, the garbage man, the telephone operator—anybody. A maker-over is never satisfied with the status quo. It fumes and frets and stews around until it either makes over a person to suit it, or it drives the person away altogether.

It is very uncomfortable being around a maker-over. You are wondering all the time just what you are doing or saying that the maker-over would like to improve. But you won't wonder long, because the maker-over will come right out and tell you. Then you feel even more uncomfortable because you have a sneaking feeling that the maker-over is right, that maybe you are that kind of a scoundrel after all.

The only thing is, that you gradually stay farther and farther away from the maker-over, because you know your faults as well as he does, so why hang around and listen to them being catalogued for you?

A maker-over will always give as an excuse for trying to make you over, "But it's for your own good!"

A maker-over will go through life being a disappointed person. It will see all the mistakes in its friends, and be very unhappy because its friends don't correct the mistakes. A maker-over has not learned that his own intolerance of his friends faults is one of his own chief faults!

A maker-over should remember this adage: 'Improve yourself today; improve your neighbor tomorrow."

Were you a maker-over this month?

(Apologies to Munro Leaf.)

The Texas jack rabbit has been clocked at a speed in excess of 45 miles an hour.

NILES SCHOOL ENROLLMENT HITS ALL-TIME HIGH

With an enrollment higher than at any time in its history for this time of year, 379 pupils, the Niles school was forced to take steps this week to increase its teaching staff.

The second grade, hitting a peak of 51 students, was divided into two sections, Miss Helen Anne Sheehy taking one group and Mrs. Flora Conner the other.

Mrs. Freda Coffer, a new teacher who is residing at the Witherly place in the Mission with her husband, is teaching the special third and fourth grades; and Tom Morgan, a graduate of San Francisco State College, now has the seventh grade. He commutes from Berkeley.

Niles started off at the beginning of the fall semester with 368 pupils. There has been a constant influx since that time, necessitating the reorganization.

for Diesel Dependability

Get an INTERNATIONAL TD-9 TRACTRACTOR

Like all TracTracTors, the TD-9 is powered by a *full* Diesel engine of International design and construction—famous for quick starting and fuel economy on all kinds of work. A combination gasoline-distillate engine or high-compression engine is also available.

Here's a streamlined crawler that's good to look at, and built all the way through to lick the power problems in its range.

The TD-9 pulls four or five 14-inch plows, five to seven disk plows, two 3-row listers, 70 feet of peg-tooth harrow, 35 feet of rod weeder, etc. It will handle a good-size leveler, large-size combine, and other machines of like capacity.

Other TracTracTors are the T-6, TD-6, T-9, TD-14, and TD-18. Come in for details on any of them or phone for demonstration.

Sportsmen's News

Current hunting and fishing conditions:

Shasta County: Hunters have not been getting may ducks or geese. The birds come in from the north, but do not stay long before leaving for the south.

Butte County: Stormy weather has turned some very good shooting days in this area recently. On several occasions, when the wind was right, hunters have taken limits on both ducks and geese.

Yuba County: Hunting on clubs in District 10 is reported poorer than ever.

Napa County: Unattached hunters have had a little more success recently on the lower Napa River.

Sonoma County: Recent storms have brought a few more ducks and brant into the costal bays but the number is much below normal. Shark fishermen have been bringing some good catches into Bodega Bay.

Contra Costa County: Geese are reported quite plentiful. Ducks are still scarce and striped bass fishing is poor.

San Joaquin County: Duck hunting is poor. Geese are coming in during the rains. Fishing is poor. Waters are high and muddy.

Stanislaus County: Quite a number of honkers are feeding in the grain fields around Turlock and Modesto reservoirs.

Mariposa County: Snow has melted off below the 4,000 foot level, the weather is mild and all game is doing well. Duck shooting is poor.

Fresno County: Weather is mild. All game is doing well. Quail are scarce.

Los Angeles County: Sportsmen had a good season on band-tails. There are a few pigeons showing up in the Solmar district and in Big Tujunga canyon. Some reports of damage to crops are coming in from around Arcadia.

Imperial County: Duck shooting is poor. The few sprig seem to be staying in the Federal feeding grounds, and widgoon are staying a mile or two off short of the Salton Sea. There are no flights of ducks.

PAVING NEED FERTILIZING? NO, BUT THERE IT WAS

A load of "Good Fertilizer" was unloaded accidentally in the underpass by the cannery in Niles a week ago Tuesday. The driver of the truck, not realizing the sharpness of the turn as he left Niles, took it too fast and several sacks of the fertilizer slipped from the truck and burst open, scattering the fertilizer over quite a distance around the underpass. The truck was from an Oakland firm.

TO SEE LA BOHEME

A group of 48 high school students and three teachers journeyed to San Francisco last Friday to see the opera, La Boheme, at the War Memorial Opera House.

The students paid their own way to the opera but the high school furnished a school bus for transportation.

When the family dinner features brisket of beef, good flavor and hearty satisfaction await you! This thrifty cut is simmered gently to delicious tenderness. Shown with the beef brisket are two sure interest-catchers—white turnips cooked in the beef broth, then seasoned and garnished with chili sauce; and tender, flavorful corn sticks made with all-purpose lard. Gather 'round for a heart-warming winter meal.

WASHINGTON HIGH WAY OUT IN FRONT WITH BOND SALES

Washington High school was one of four schools in rural Alameda County to sell its quota in the Eighth Victory Bond Drive, according to figures just released by Vaughn D. Seidel, county superintendent. The others sharing the honor were elementary schools, Mission San Jose, Green, and Summit.

Exceeding its quota by over $8,000, Washington piled up a total in bond sales far out-stripping any other school, elementary or high, in rural Alameda county. The total in Washington of over $18,000 was twice that of Hayward Elementary and three times that of Hayward High school, the nearest competitors.

The bond drive was under the supervision of Vice Principal Warren E. Gravestock.

TWO NEW MEMBERS FOR CHILD WELFARE

Two new members were taken into the Child Welfare Club at their regular meeting January 21, Mrs. R. T. Anderson of Centerville and Mrs. E. M. Grimmer of Niles.

Co-hostesses for the afternoon were Mrs. A. B. Hill and Mrs. Robert Moore. The meeting was held at the Hill home.

Lengths of runways at Army airfields are determined in exact ration to the altitude of the airfield. The higher the airfield above sea level, the more rarefied becomes the air with lessened lifting power for planes.

American families have helped to clothe 25,000,000 bombed-out people. But millions of others are suffering and dying for want of protective clothing. We must help them insofar as it is in our power to do so. Give what clothing, shoes and bedding you can spare to the Victory Clothing Collection for overseas relief.

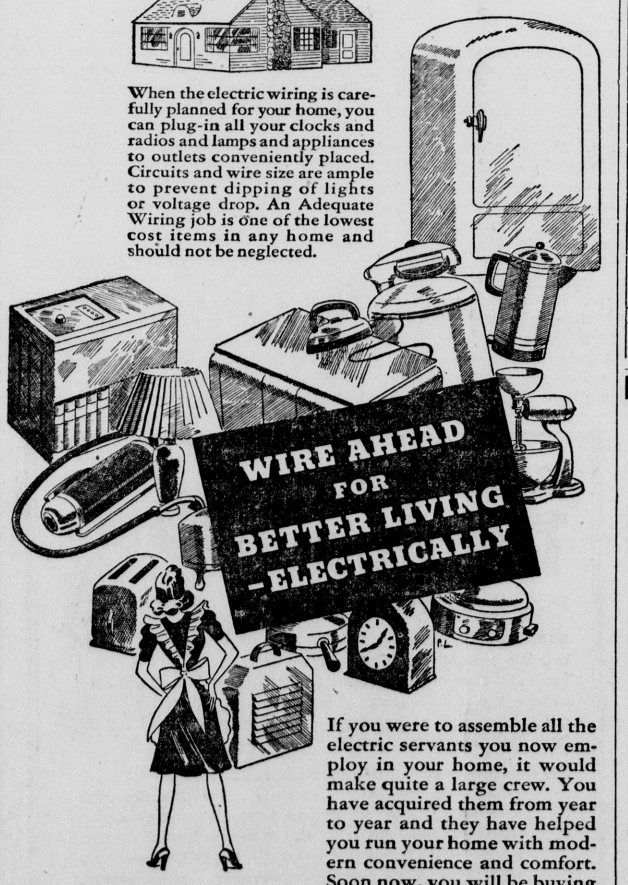
President Truman has said that the clothing collected throughout the nation last spring rendered a service to world peace but that another collection of clothing for overseas relief is imperative. Millions are still in rags. Give all the clothes, shoes and bedding you can spare to the Victory Clothing Collection.

When the electric wiring is carefully planned for your home, you can plug-in all your clocks and radios and lamps and appliances to outlets conveniently placed. Circuits and wire size are ample to prevent dipping of lights or voltage drop. An Adequate Wiring job is one of the lowest cost items in any home and should not be neglected.



If you were to assemble all the electric servants you now employ in your home, it would make quite a large crew. You have acquired them from year to year and they have helped you run your home with modern convenience and comfort. Soon now, you will be buying and using many new and needed electrical appliances. Can you connect them up to your present wiring system? Will you have to resort to double and triple plugs or long make-shift cords? And most important, will all these appliances receive full voltage? Plan ahead in 1946 for better living, electrically. Modernize your present home with Adequate Wiring. And for the new home you may be planning to build, check wiring specifications room by room to make certain nothing has been skimped or omitted.

Adequate Wiring means just this.....

1. Plenty of plug-in outlets.
2. Plenty of light switches, properly placed.
3. Plenty of circuits of large enough wire (at least number 12 size) to deliver full electric power now and many years from now.

WORKING FOR YOU

If your order for a "Caterpillar" Diesel is on hand with us, then the huge, modern Caterpillar Tractor Co. plant is working for you, and many, many other customers who have needed, but waited for "Caterpillar" track-type Tractors.

Maybe you've waited two years like Mr. John Reckman of Kent, Oregon who says, "I'm wondering how soon the 'Caterpillar' D4 I ordered two years ago will be available, but I certainly do not want anything except a 'Caterpillar,' and I'll wait until I can secure one because it is the only tractor that will hold together without a lot of repairing over a period of years doing heavy farm work and dam building such as I do on my farm."

The "Caterpillar" people are working just as hard to get equipment to you as they worked to keep our armed forces supplied with "Caterpillar" Diesels. It won't be long now.

IS THIS A "SCRAP OF PAPER"?

The CIO United Steelworkers Union said that its strike does not violate its contracts with steel companies. Here is the "no strike" clause taken from a typical contract. *Let the words speak for themselves!*

"DURING THE TERM OF THIS AGREEMENT, NEITHER THE UNION NOR ANY EMPLOYEE, INDIVIDUALLY OR COLLECTIVELY, SHALL CAUSE OR TAKE PART IN ANY STRIKE, OR OTHER INTERRUPTION OR ANY IMPEDING OF PRODUCTION AT ANY PLANT OF THE COMPANY COVERED BY THIS AGREEMENT. ANY EMPLOYEE OR EMPLOYEES WHO VIOLATE THE PROVISIONS OF THIS SECTION MAY BE DISCHARGED FROM THE EMPLOY OF THE COMPANY IN ACCORDANCE WITH THE PROCEDURE OF SECTION 8 OF THIS AGREEMENT."

This provision, or one similar to it, is contained in each contract between the Union and the various steel companies. These contracts continue by their terms until the autumn of this year.

WITH THE ARMED FORCES

S 2/c WAYNE CALHOUN is at Cavite, the Philippines. His brother, KENNETH CALHOUN, has received his discharge and is attending San Jose State College.

—V—

S 1/c DAVID J. VARGAS has been honorably discharged from the United States Navy at the Naval Personnel Separation Center in Shoemaker, California.

—V—

M 3/c JOSEPH P. CORREA has been honorably discharged from the Navy at the Naval Personnel Separation Center in Shoemaker.

—V—

Corp. ERNEST R. FOSTER, husband of Mrs. Carmen L. Foster, Route 1, Box 277, Niles, was honorably discharged from the armed forces today at the Camp Beale Separation Center.

Entering the Army in May, 1943, Cpl. Foster was assigned to the Army Air Forces and was sent overseas in December, 1943, with the Second Air Cargo Resupply Squadron.

A stock record clerk, Cpl. Foster, has been awarded the Good Conduct Medal, European Theater ribbon, China-Burma-India ribbon with two battle stars.

During his two years and eight months of service, Cpl. Foster has earned 60 discharge points.

—V—

M 1/c FRANK C. FERRY, son of Mr. and Mrs. Joe Ferry of Niles, arrived home Sunday with a discharge from the Navy after more than two years in the service, part of which was spent in the South Pacific. Recently he called on Norman Parks at Indio, Calif, former publisher of the Register and Frank's employer at that time.

NEWARK

(Continuer from page 1)

Mrs. A. E. Enos of Centerville and Mr. and Mrs. R. M. Chapman of Newark. Mr. and Mrs. R. Hill of San Leandro were hosts to the local couples as well as Mr. and Mrs. T. Arthur of Oakland. Mr. Hill and Mr. Arthur are connected with the Byron Jackson Pump Company of San Francisco The highlight in the evening's entertainment came when Mrs. Chapman and Mr. Enos were interviewed by Les Malloy, well known bay area announcer, with the interview being broadcast by one of the bay area radio stations.

The Westvaco employees plan to use the volley ball courts at the Washington High school one night each week. It is anticipated that well played and hard fought volley ball games will be the outcome of the weekly gatherings and should be of interest to the local fans of the game.

NEWARK GIRL SCOUTS
Jo Ann Lewis, Scribe

On Monday, January 21, the Girl Scouts of Newark, chaperoned by Opal Blanjean, Girl Scout leader, visited the Morton Salt plant.

The group was ushered through the plant by Sam Scott, an employee of the company, and was shown the process of making and storing of salt.

The group expects to visit other plants of Newark and other places in the future.

FRANK OPINION

(Continued from page 1)

so they could take turns leavin' the township. They need their days off, same as you and me—more than you and me, I guess—and everything would work out swell if they could just have the girl who answers the phone say something like this, "No, Dr. Blank isn't in. But if it's urgent, you can call Dr. Doe. He's in his office today."

See what I mean, folks? Sort of a cooperatin' spirit among the doctors, so that you won't get that helpless "what'll I do?" kind of feelin' when somebody that's kin to you gets to ailin' pretty bad.

Now here's a letter from a gent who signs his name. We kinda liked the way he come right out and talked plain. No hemmin' or hawin'. The only thing that got us worried was this poor Joe who staggers. Maybe if Joe staggers on account of what we think he is staggerin' for, he better not sit around in that nice park with the pigeons. It'd kinda clutter up the place, now wouldn't it? But heck, maybe poor Joe would quit staggering if he had a nice comfortable, pretty place to sit in!

Township Register,
Nils, California.

Dear Frank Opinion:

Friendly city? "Some folks make friends easily, others wait for kind words." I've lived in Niles for years and still I don't know the people, only the guys I work with. Guess I'm sort of queer, anyway I'm not much of a looker, but I got a warm heart. I try to be friendly, but—

You talk to some gal up the street. She could be 16 or 60. You tell her how nice she looks in her new dress. She beams and says "I just bought it at Ora's." Some snoopy busybody glares. (Ah ha,—must be an affair—could it be?? Dh no, he couldn't.) Then anyway the Little Woman hears about it. There's h—— to pay for just being friendly.

There's a guy I feel sorry for. Poor Joe. He's always staggering. No one cares. No one says a kind word,—there's no place to sit. Shouldn't we have a park in the center of each town, a place to meet friends, bask in the sun, throw bread crumbs to the birds, like people do in city parks? Then poor Joe and the other Joes would have some where to go,—some friendly place to sit, but then no one cares, so Joe just staggers on.

I like your paper. It's friendly. Especially I enjoy reading "Thinking Things Over." I liked the story about Andy and the Mrs. and Mother. It's people like them that got ideas, and I guess other people got ideas, but they're still asleep.

Yours truly,
(Name signed).

MISSION SAN JOSE

(Continuer from page 1)

Mr. and Mrs. Clarence Silva and daughters, and Mr. and Mrs. William Fernandez and children. The evening was spent in playing cards.

Miss Virginia Lawrence was hostess on Saturday evening at a birthday party given in her honor by her mother at the family home. The young miss is sixteen years old and her friends and guests enjoyed a lovely luncheon and her enormous whip cream cake gotten in Sunnyvale by her sister.

Those present to help Virginia have a birthday party long to remember were: Sisters Marie, Mrs. Rita Amaral and husband, Leonard, and daughter, Rose Marie; Mrs. Mary Rodrigues and daughters, Dorothy and Marilyn; Mrs. Mary Costa and daughter, Marlene; Manuel Lewis, Richard and Evelyn Meyers, Dorothy Albert, Raymond and Josephine Lawrence, and Ralph Scown, U. S. Navy.

Many lovely gifts were opened by the hostess following games and dancing.

Father McKeown who has been at the Dominican Convent since the passing recently of Reverend Hugh Hyan, is leaving for St. Dominic Parish in Benecia, and Father Bourque will take his place.

Father John Leal has received word from his former gardener, Joseph Marshall, who returned to the Azores several years back to care for his ailing mother, is now very well himself and that his mother has passed on a while back.

Our little town has been granted 24-hour telephone service at last and Mrs. Havanna McNemar will be the new operator at night. Mrs. Helen Semas, chief operator, Mrs. Mamie Maderios and Joe Semas make up the rest of the staff.

Mrs. Octavia Young of Point Arena spent last week-end here at her home at Our Place, formerly run by Mr. and Mrs. Frank Castro, who have purchased a new location on the Niles-Mission highway.

Mrs. Mary Rogers has received word that her son, Frank, has been promoted to the rank of Sergeant. His brother, Lawrence, of the European Theater of War, is also a sergeant, and is supposed to be nearing home shores now. Frank, who has been on the Pacific side, was boarding the boat the evening that he wrote and expects to arrive about the fifth of February in New York.

Miss Elaine Neeley, eldest daughter of Mr. and Mrs. Richard Neeley, has gone to Hollis, Oklahoma, with relatives to visit her paternal grandmother and other kin folks.

Mr. and Mrs. Manuel Brown of Mission and their daughter-in-law Mrs. Jimmie Brown of Hayward motored to San Diego Friday and picked up their son, Jimmie, who had just returned from the Pacific Area after three years in service. He is now just plain Joe Citizen and as the rest, so glad to be.

Mr. and Mrs. John Huddelson of Oakland, the former Miss Nellie Warren, spent Sunday here at the home of her mother, Mrs. Faye Castro.

Mrs. James Bramwell of the Mission spent the week-end in Hayward visiting her son, Ernest and family.

Mrs. Ann McGovern, the parish house keeper for Father Leal, received Mr. and Mrs. A. F. Silva and daughter of San Jose as Sunday visitors.

Leroy Costa, one of our later returnees from the Marines, has gone to Lakeport to work and is making his home with the Walter Hoyes family who recently moved there from Oakland. They formerly owned the Mission Garage here.

DECOTO

(Continuer from page 1)

ington Union High school, was killed in a plane crash Sunday evening between Samar and Guam. He was a radio man on the Navy plane and had been in the Navy for more than two years.

He leaves his parents, Mr. and Mrs. Clarence Silva of San Leandro, and one brother, Albert, also of San Leandro.

Mrs. Manuel White had a dinner Sunday in honor of her birthday. Her guests were her son, Lester, and wife Mildred; her son Earl and girl friend, Florence Milina; George Kilo, Marie Milina, Pearl Castro and Mr. and Mrs. Vincent Banard of Hayward, parents of Mrs. White.

George Kilo was in boot camp with Earl and it was the first time in two years that they have contacted one another.

Sophie Torquemada has announced her coming marriage to Clarence George of Milpitas within the next two weeks.

Mrs. Rose Goularte of Hayward and daughter, Irene Leonard, were in Decoto Tuesday looking over Mrs. Goularte's property to see what repairs and painting was needed as she is preparing to fix up her homes here.

Mrs. Florence Toro of Decoto passed away at the home of her daughter in Oakland.

She was given final rites Monday at Corpus Christi Church at Niles. The funeral was under the direction of Berge Mortuary.

She is survived by seven sons, Manuel and Domingo; Joseph, Peter and George of San Francisco; Raymond of Honolulu, and Ben of Oakland, and one daughter, Mrs. Carmen Cordero of Oakland.
